City Council Takes Final Action

On Hospital Funds

The Elba City Council met Tuesday night and finalized the action of furnishing \$75,000 a year to finance the expansion work at the local hospital and nursing home. The final vote on the ordinance to commit the funds saw all five councilmen voting for the project and the mayor voting against it and arguing hard against committing that amount of money.

The Ordinance (which is published in this issue of *The Elba Clipper*) promises to supply \$75,000 a year to

help the hospital board repay a two-million dollar, 5%, loan from the Federal government.

Dr. James Clay, a local dentist, was present at the meeting and voiced support of the action. He told Folsom and the members of the Council, "I knew this matter of the hospital and nursing home expansion was coming up, and I support the action." He noted that folks had worked for this, and "I hope to see it go forward." No one else was present to speak on the matter.

The other confusing, divided issue was a vote on giving funds to the school for use by the band. Last year \$500 was donated and a motion was made by Councilman Jimmy Wise to give the same amount. Councilman Waylon Sharpless seconded this, as well as an amendment to give \$300, made by Councilman Cleo Hawkins. An amendment was also offered by Councilman D.M. English to give \$100 and was seconded by Councilman Charles Kennett.

The amendment to give \$100 failed on a 3-2 vote, as did the \$300 amendment. The \$500 original motion vote was Hawkins, Sharpless and Wise - yes; while English and Kennett were joined by Folsom in voting no. After checking the legality of Folsom's vote, it was determined that the motion died and no funds will be given to the school board for help to the band.

City Elections Are Set For July 8

City elections will be held in Elba this year on July 8, with any necessary runoffs on July 29. The time for taking office will still be the first Monday in October.

Elba Mayor Robert Folsom indicated this week he will officially call the election next week. The soonest he can do this by Alabama law is next Tuesday, May 13.

The proclamation making the pending election official will be published in this newspaper next week.

Miss Kinston - Relon Lisenby (center) was crowned during Friday night's activities. First runner-up was Lisa Kelley (left) and second runner-up was Melissa Matthews (right).

Electric Rates Go Up 12%

In Elba Immediately

Utility rates will increase in Elba effective with the next bill. The increase will be 12%, according to action taken by the Elba Water & Electric Board at a recent meeting. It is to offset a 15% wholesale increase recently approved by the Alabama Electric Coop to all members. The increase went into effect on May 1, said Charles Lowman, General Manager of AEC.

Also affected will be homes served by Covington Electric Coop, though no exact increase has been announced by the rural co-op.

Lowman stated, "We regret very much the necessity for this increase. However, it is only the 'bare bones' minimum amount required just to partially offset the impact of the many increases in costs we are experiencing. It is necessary if we are to be able to continue in business."

Lowman stated that AEC is faced with almost constantly escalating costs on many fronts.

"Coal, our major fuel, has increased from \$9 per ton, in 1970, to \$40 per ton today. Our interest rates were only 7 to 8 percent a few years ago, but today we are having to pay as much as 14 percent for long-term financing, and 19 to 20 percent on short-term financing," he said.

"Governmental regulations are also adding tremendously to the cost of power," Lowman emphasized. "Over \$40 million of the cost of new generation capacity recently added at AEC's Tombigbee Plant - more than 17 percent - went to install required environmental protection equipment. It will cost over \$1,000,000 per year to operate that equipment, but the equipment will not add a single KWH of electricity to the plant output."

Lowman also cited the increase in fixed costs associated with the \$235 million investment AEC has recently made at its Tombigbee Plant, near Jackson, Al., as a factor affecting power rates.

School Board Hears Principal's Report On Teachers Rehiring

The Elba City School Board met Tuesday afternoon at 5 p.m. with all members present and voting. The main order of business was a report from each of the principals recommending the teachers to be rehired for the next year. A motion was unanimously approved to accept the recommendations of the principals. The board met in executive session to discuss personalities and/or reasons some teachers may not be rehired next year.

In other action the Board approved the monthly bills, discussed the status of the plans for new construction at the high school, and approved a proposal with the Coffee County Board of Education for their system to take care of schooling for the severely handicapped students in the Elba School system.

They had been doing this under Project Independence which is losing the Federal funding. It will cost the Elba system over \$18,000 plus transportation to school each day; but Superintendent Elmer Taylor explained to the Board that this was cheaper than trying to set up the special facilities and help to supply the schooling locally.

The school calendar for next year was approved with school set to open on August 25 and end May 28.

All teachers not on tenure will receive letters before school is out saying they will not be rehired next year. This is a formality, and hiring will begin immediately after the Alabama Legislature approves the education budget.

Ben Carpenter and Mike Parrish are shown hiving a swarm of bees found gathered on a lightpole in downtown Elba recently. This hive of bees will join others in making honey for some lucky folks.

Miss Kinston & Little Miss Kinston Named

The Miss Kinston and Little Miss Kinston pageants were held on Friday night, May 2, at the Kinston High School auditorium, and it proved to be an evening to remember for the new Miss Kinston - Relon Lisenby, and the new Little Miss Kinston - Amy Weeks.

The two pageants, which were held simultaneously, opened with the 1979 Miss Kinston, Jill Smith, singing, "I Am Woman," as the contestants paraded on stage. The Miss Kinston contestants competed in street wear, and evening gown, and answered a question about a pertinent fact, while the Little Miss Kinston participants competed in party dresses.

Competing in the Miss Kinston pageant were six lovely ladies - Lisa Kelley, Relon Lisenby, Melissa Matthews, Deborah Farris, Carol Cain and Melba Fleming. Crowned Miss Kinston was Relon Lisenby, the 16-year-old daughter of Mr. and Mrs. Max Lisenby. Relon is 5-6, has blondish-brown hair and blue eyes, and her hobbies include swimming and playing the piano. She is a varsity cheerleader and a member of the Beta Club, FHA, K-Club, A-JAS and 4-H.

First runner-up was Lisa Kelley, 16-year-old daughter of Mr. and Mrs. Bobby Kelley. Lisa is 5-1, has brown hair and brown eyes, and her hobbies include swimming, volleyball and singing. She is also a varsity cheerleader, and is a member of the Beta Club, K-Club, FHA and volleyball team.

Second runner-up was Melissa Matthews, the 17-year-old daughter of Mr. and Mrs. Jack Matthews, Sr. She is 5-4, has light brown hair and green eyes, and her hobbies include gymnastics, singing and swimming. Melissa is captain of the varsity cheerleaders, and is a member of the Beta Club, A-JAS, FHA, K-Club and volleyball team.

Competing in the Little Miss Kinston contest were eight pretty young ladies - Yolanda Wingard, Amy Weeks, Molly Logan, Jennelle Sims, Jennifer Wright, Lynn Lashley, Rene Lashley and Kara Reynolds.

Amy Weeks (center) was crowned Little Miss Kinston last Friday night. First runner-up was Molly Logan (left) and second runner-up was Kara Reynolds (right).

Crowned Little Miss Kinston was Amy Weeks, daughter of Mr. and Mrs. Horace Weeks. Amy has dark brown hair and brown eyes, and her favorite pastimes are reading and working puzzles.

First runner-up was Molly Logan, daughter of Mr. and Mrs. Bill Logan. Molly has blond hair and blue eyes, and enjoys swimming and playing with her pets.

Second runner-up was Kara Reynolds, daughter of Mr. and Mrs. Wayne Reynolds. Kara has brown hair and green eyes and enjoys playing with her little sister.

BRAINSTORMS

WITH FERRIN COX

Jimmy Carter is moving closer and closer to sewing up the Democratic nomination for President, and Ronald Reagan is doing the same on the Republican side. Neither of their opponents will admit defeat yet, but they are within a couple of hundred votes each of sewing up the nomination on the very first ballot... without any old-fashioned arm-twisting at their respective conventions. We have formed the definite opinion that Teddy Kennedy gave up long ago on 1980, but is just going through the motions to be fully prepared for 1984.

We are publishing an ad this week announcing the efforts of a group to start a private school in Coffee County. We understand the initial efforts are to be toward the very lowest grades. We strongly support improvement of education... at all levels, and if their motives are truly for a better educated child, then we offer our blessings.

The Alabama Legislature is winding down to the end but still without a general fund budget or an education budget. Unless a miracle happens today (Thursday) the education budget is lost until a special session is called, 'cause various factions are too far apart for any relief. It is possible for the general fund budget to pass, but that also could go up in smoke as various lawmakers hold out for something special.

Interest rates are dropping. The prime continues to fall, and just this week government controls were relaxed a bit as the constant increases in the cost of borrowing has finally caused a drastic drop in the demand for loans. We surely will never see any more four and six percent mortgages, and it is doubtful we will ever see any more eight percent money; but for those who could only find fourteen percent and higher funds in recent months, a rate of ten percent will look real good!

We were amused at a comic on educational TV this week. He was doing a good job of waving the flag and picking all the politicians apart. He commented about all the uproar in Washington (Frank Church, etc.) and the "hearings" in Congress on the failed Iran rescue. The line we remember from his thirty-minute talk was speculation of how they would have sent back the hostages (if the mission had been successful) after Church and company declared it illegal because nobody told them about it beforehand! Sometimes these comedians deliver a better flag-waving message than all the serious lectures put together.

The Kentucky Derby was won by a girl! This should please the ERA folks; until all those male writers started writing that

We hope that you have been watching with great interest and anticipation as our new building is erected.

Patchwork Derby To Be Held

The Patchwork Derby, scheduled for Saturday, May 10th in Andalusia, will give the people in the South Central Wiregrass Area of Alabama a chance to enjoy the fresh spring air, view some of the finest arts and crafts available, and relax with good family entertainment and delicious food.

Craftsmen from throughout the South will participate in the Derby. Paintings, needlepoint, dough art, jewelry, plants, handmade wooden toys, furniture,

children's clothes, etc. will be on display at this year's Derby. Other events for the day include door prizes, a magician, 3 singing groups and a variety for all ages.

Bar-B-Q, popcorn, cotton candy, and other goodies. The Patchwork Derby is an annual event sponsored by the Junior League of Andalusia. The proceeds from this year's Derby will go to the Andalusia Rescue Squad. Admission will be \$1.00. Please come and enjoy this fun filled day.

It was a weak field. Whatever it was it was the first female horse to win the classic in a bunch of years, and adds support to the belief that such ability is inherited. . . her bloodlines include other great winners.

LETTER TO THE EDITOR

Dear Mr. Cox,
I would like to take this opportunity to thank the people of Elba for their support of the Elba band program during the Band Day festivities this year. Because of the over-all interest and support that the public has given the band, we were able to reach our goal of \$8,000. This has been a great experience for me personally to see a town rally together in support of one of the finest band programs around. It also gives me a great deal of pride to be associated with such a fine group of young people and a great band parent organization.

This has been a great year for the band program from the beginning band all the way up to the "Marching Tigers." We have accomplished many tasks and have received many awards. I can only promise that we will continue to strive to be the best band and to provide the best entertainment for the City of Elba.

Sincerely,
Steve Thompson

Marie Harwell

Circle Meets

The Marie Harwell Circle of the Whitewater Baptist Church met Monday, April 21, in the home of Mrs. Dozier Roberts.

The hostess used James 2 as her devotional thought.

Following the brief business session, Merle Wise conducted the program, "Lost in a Maze."

All members present participated in a discussion of juvenile delinquency and related problems. Those present enjoyed a delightful salad plate following the program.

On Monday evening, May 5, the Circle met with Mrs. Heats Smith. Mrs. Smith chose 1 Peter 5 for her devotional thought.

Mrs. Wayne White presided over the meeting in the absence of the president, Mrs. Jeanette Windham.

Mrs. Merle Wise conducted a very informative program, "Baptist Women Witness to Muslims."

Mrs. Wise gave each member copies of a glossary of words related to the Islam religion. Everyone was keenly interested in the strength of this religious sect as evidenced by those who are presently responsible for our American hostages in Iran.

The group discussed the aspects of the religion and compared their beliefs with beliefs of Christianity.

A tasty buffet was enjoyed by Mrs. Smith, Sylvia Padgett, Mary Anne Richburg, Evelyn Reeves, Wayne White, and Merle Wise.

Card Of Thanks

Times of loss make us vividly aware that among our greatest gifts is the gift of understanding we find in faithful, loving friends who share our joys and our sorrows. We thank each of you for your presence, your prayers, the abundance of food, sharing your expressions of sympathy through words, cards, and beautiful flowers during the death of our loved one.

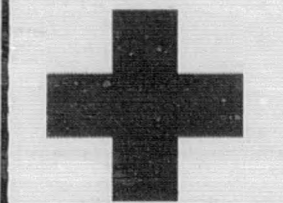

We pray for God's strength and ask His blessings for you-our thoughtful friends.

Around The Town

By Mrs. Nellie B. Martin

***Mr. and Mrs. Charles Kennett and Mr. and Mrs. Mack Moore revealed their liking of most scenic route to Florida.

They followed Highway 84 to Fargo, Georgia, then turned southeast toward Jacksonville. Of course, they crossed the majestic Chattahoochee, and then there were smaller rivers like Ocklawaha, Little Suwannee and the historical Suwannee, all Indian names.

However, that unusual Okefenokee Swamp, a National Water Preserve and a Wildlife Sanctuary, was the foremost part of interest.

Stately cypress trees, draped with Spanish moss, curtains the lake and rivers as they flow through this scenic area. This is not only a Water Preservation for the future, but also a refuge for wild animals, such as deer, bears, wild boars, turkeys, squirrels and other small rodents.

It's astonishing at the kinds and number of waterfowl and other species of birds in this general area. The Kennetts and Moores' route was most rewarding.

Then it was on to Jacksonville, Florida's River City by the sea. There they had an enjoyable visit with Ann and Phil English, two of Elba's favorites. Choosing a route home, their trip became a tour - there was no repetition until they were on familiar grounds.

***Mrs. Lura Ennis of Morrow Street enjoyed a visit from Mr. and Mrs. Clifford Ennis and Jennifer of Dothan.

The reception, following the ceremony, was held at the St. Petersburg Yacht Club.

As the couple left for a wedding trip, a cruise to the Bahamas Islands, the bride wore a dark brown and white two-piece linen suit and a white orchid corsage.

The bride is a registered nurse at Bayfront Medical Center in St. Petersburg, Florida, and the groom is a radiology resident physician at Vanderbilt University Hospital in Nashville, Tenn.

The A-line skirt, sweeping to a chapel train of polyester chiffon, was entirely bordered with the Alencon lace. The bride wore a crescent headpiece of white Fuji chrysanthemums, carnations and starburst pom-poms with baby's breath.

The aisle pews were decorated with matching flowers and candles.

Given in marriage by her father, the bride wore a gown of candlelight chiffon and Alencon lace. The gown's bodice of imported re-embroidered Alencon lace was enhanced with seed pearls and featured a Queen Anne neckline, peck-a-boo sleeves of candlelight chiffon with the underseam applied with Alencon motifs.

***Dr. and Mrs. W.M. Ringsdorf enjoyed a visit from the Shreve family last weekend. Roger, Mary, and baby, Reanna, have been living in Ayer, Massachusetts, while Captain Shreve was assigned to duty at Ft. Devens, Mass. He has now completed a long tour of service with the Army. He was stationed in Turkey where he met and married Mary Ringsdorf, the lovely blond daughter of the Frazier family in Izmir, Turkey.

These two couples counted these ten days as a special reunion. This was the first time they had all been together at the same time in seven years.

Their schedule included seeing some of the noted and famous Hollywood entertainers, along with many other attractions. One special night they were invited out to dinner by friends, Mr. and Mrs. Ethridge Elder, former of Troy University. They were luxuriously dined in the most elegant setting at one of Las Vegas' fashionable clubs.

***I'd like to tell you something about a new friend. She has recently completed her 87th birthday. This young lady does her own housework, cooking, cleaning, etc. Then she finds time for the care of her many flowers and also for her vegetable garden. Too, she has a large fruit orchard. There are apple, peach, pear, figs and other productive fruit trees. Large scuppernon and grape vines share much space in her orchard. She spends many happy hours under the blue sky and the warm sun.

This dear lady is none other than Mrs. Elmo Clark, on East Davis Street. This is how she expressed her sentiment: "I live in a very small town. I live in a very small house. I live in a very small car. I live in a very small life. I'm so glad, Mrs. Clark, that you accidentally didn't die my number - now we can be friends."

***Let's give this some thought in these crucial times - Abraham Lincoln said, "I have been driven many times by my knees by the overwhelming conviction that I had nowhere else to go."

***The lovely white beach house on St. Monica Drive, Sunnyside, is a quiet and peaceful weekend home of the Thomases - Grady, Janaria and Todd. Of course, Alice and Donna make their appearance often. Can't blame them - they like to get away, too!

***For Michael and Darren Smith, it's the greatest treat that Dad and Mom can give them, when they take them to the beach. Of course, John Robert and Linda are

presented by Thelma Martin, chairman of the by-laws committee. After discussion and a few changes that revised constitution was approved.

The next meeting will be with Nellie Martin with Catherine Spurin as co-hostess on Thursday, April 24, at 7:00 p.m.

The hostesses served a delicious plate with lemonade or coffee to Pauline Allen, Patsy Britt, Kitty Ruth Coles, Cupidean Crook, Dottie Deal, Nellie Martin, Thelma Martin, Helen McCollough, Spurin, and the guest speaker, Katherine Dorsey.

The subject of the program was "Enrichment Through Travel." Helen McCollough introduced Mrs. Katherine Dorsey who told of her recent world tour. Everyone thoroughly enjoyed traveling in a vicarious way as she told of the many countries visited. Some of the report was like a history review, but most of it was new to all of us as we learned of strange places, strange people, and some very strange customs.

BUDGETING WISELY

Learning to manage your money can have the same effect as getting a raise. Developing a spending plan can help stretch your budget to take care of all your basic needs and wants.

Sound money management includes careful use of arithmetic, keeping a record of expenditures and setting up a simple, workable plan for spending.

Your budget or spending plan involves estimating how much money is coming in and planning for savings, investments and spending.

Study your past pattern of spending. This will help you make a realistic budget. Total the amount of money you and your family spent during a one, two or three-month period. This should give you a fairly accurate picture of your spending.

List the amount spent on housing, utilities, clothing, food, insurance, personal allowance, transportation, savings and others.

Analyze your spending pattern and determine possible changes. Make your budget a systematic plan for using available money and then stick to the plan.

FIGHT THAT FAT

We all know that food energy is needed for the body to function properly. However, if you eat more food than is needed, the excess is stored as body fat. This can lead to obesity. A person is obese if his weight is 20% more than normal.

Nearly one out of three people is overweight, and this excess fat is considered a health hazard in the United States, since it can lead to other problems.

About one-third of the people with high blood pressure, and two-thirds of all diabetics are overweight. An overweight person has a 50 percent greater risk of suffering a heart attack. A person ingesting a heart attack.

If you want to lose weight, consult a doctor and follow his suggestions. It will be necessary to eat 500 fewer calories than your maintenance diet per day to lose one pound per week.

Do not try losing more than two pounds per week, because it will be difficult to get the needed nutrients on such a low-calorie diet.

Try these ideas to brighten up low-calorie meals. Use fruit to satisfy a sweet tooth. Reduce sugar in baked apples and add lemon juice and cinnamon to improve the flavor.

Serve fruit salads as an appetizer, main dish, side dish or dessert. Use yogurt for the salad dressing.

When cutting calories, consider the nutrient value of the food as well as the calorie content. Bananas, apples and strawberries have few calories, but contain some vitamins, iron, trace minerals and fiber.

RIISING FOOD PRICES

Rising food prices are a problem for us all. And it seems that they will not get any better in the near future. Higher marketing costs will probably push fruit and vegetable prices up even further this year. Retail food prices have risen eight percent since last August. For the best buys in 1980, look for direct market outlets such as farmer-own roadside stands, farmer community markets and pick-your-own farms.

PUBLIC SPEAKING IS FUN!

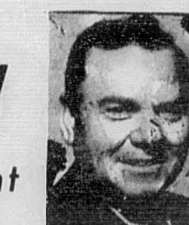

This was the conclusion reached by the many 4-H'ers that participated in the 4-H Public Speaking contest recently. Shown are the winners from the Home Economics and Agriculture & Natural Resources. Soil Conservation News

"OUR SOIL IS A WATER RESERVOIR"

Did you know that an inch of rainfall on an acre of land equal to about 27,000 gallons of water? Millions of gallons of water land on the soil each second as rainfall. Soil which is located at the junction between air and earth acts as a traffic director for rain, directing what amount should runoff and what should enter. About one-fourth of the rainfall runs off into streams, lakes and rivers. The remaining three-fourths enters the soil. Water's attraction to soil is similar to the attraction of water and glass and causes water to absorb water in large quantities, requiring about 500 pounds of water for each pound of plant growth. The large water capacity of the soil and the large demands of plants results in about two-thirds of the precipitation being disposed through evapotranspiration (evaporation from plant leaves and the soil). Plant roots are very well distributed throughout the soil and can effectively remove large quantities of water within the root zone.

It will surprise you how much water you use each day. On the average day, just for household and general needs, each of us use about 150 gallons. This is about 1200 pounds of water a day. If on the other hand, we consider the water needs of plants to produce food, the amount increases many times.

Lets consider the amount of water needed to produce a loaf of bread. To do this we need to make assumptions that appear justified. Plant use about 500 pounds of water to produce a pound of plant dry matter and a pound of grain plant is about one-half grain. The remainder of the plant makes up the straw and half the weight to the plant. Then if one pound of wheat

Coffee Arts Alliance Tells Of Program

The Coffee County Arts Alliance will hold its annual meeting for members on Monday, April 12 at 7:30 at the First United Methodist Church, Enterprise.

A program of unusual interest will be presented, to which the interested public, as well as members of the Alliance, are invited. The Jack Chambliss Ringers from the Westminster Presbyterian Church, Montgomery will be appearing in concert.

The Jack Chambliss Ringers were begun in the Fall of 1973. It is composed of youth from Westminster, usually grades 9-12, who have been trained to ring handbells in the church's training choir program. The choir plays regularly for worship services at Westminster providing Preludes, Anthems, Offertories, and Postludes, accompaniment to anthems and hymns. All the choir has played for many weddings. Concert outside the church include performing with the Montgomery Civic Chorus, for various civic clubs and functions, and in about three handbell festivals a year.

Rehearsals are held twice weekly for two hours each. Generally no absences are allowed, however, life does get in the way every now and then!

The choir uses a set of 61 English Handbells cast by the Whitechapel Bell Foundry of London, England. With the growth of the music program at Westminster, another set of bells is now on order. Two other choirs play for worship.

Their program will consist of selections written for handbells (new compositions), arrangements from other mediums (piano and orchestra), and pieces which show the variety of tones possible from bells.

On special interest in Enterprise is the fact that the choir was named in memory of the late Jack Chambliss, a husband of Jackie Speigner. Chambliss, whose parents are Mr. and Mrs. J. L. Speigner of Enterprise, Jil Chambliss is a member of the choir.

After the concert there will be a brief business meeting when the nominating committee will report and new members will be voted on. A social hour will follow.

The Alliance celebrates its third birthday this year. Each year it presents a program to the community at the birthday occasion for the enjoyment of the community.

Zion Chapel Students Attend George Lindsey Weekend

By: Kim Leverett

Saturday when the students and chaperones attended a tournament on Sunday. The matinee which featured Ronald McDonald. Later that night was the world famous "Stars Show," also attended by the group.

The show was at 8:00 p.m. in the Montgomery Civic Center and featured such stars as Roy Clark, Oak Ridge Boys, Tennessee Ernie Ford, Charlie Pride and Polly Holiday.

After the great Saturday night show, the group attended the celebrity golf tournament on Sunday. The tournament was held at Arrowhead Country Club with tee-off at 10:30 a.m. Some of the stars turned players were Doug Barfield, Earnest Borgnine, Jim Davis, Jimmy Dean, and Peter Marshall.

The weekend was a truly fun outing for the students and chaperones. Mr. George Lindsey should really be commended for his work to make this week-end as fun and special as it was.

Winners of the 1980 Band Awards were Brenda Mobley, Teresa Holcomb, Ricky Nickolson, Cindy Richards, and Mary Jo Davis.

Spring Concert Held

By: Melinda Nelson and Sharon Arnold

On April 29, 1980, Zion Chapel was honored with Annual Spring Concert. All

groups played. These groups included elementary beginners, secondary level

beginners and the advanced bands.

During the concert several awards were given. These awards were: Outstanding Bandsman Awards for each group. Elementary Beginner: Brenda Mobley, Elementary Advanced: Teresa Holcomb, Secondary Beginner: Ricky Nickolson, Junior High Advanced: Cindy Richards. The John Philip Sousa Award was awarded to the student considered to be the best all-around student for the year. Mary Jo Davis was the recipient of this award.

The guest conductor was Dannelly Martin, a student teacher from Troy State. Mr. Martin conducted the high school band in "Village Charm." Mr. Myers was the director of this concert.

Prior to the concert the new officers were elected. They are: President, Mary Jo Davis; Vice President, Robin Day; Secretary, Sandra Mobley; Band Booster Officers were elected. They are: President, Martin Mobley; Vice President, Lorene Dye; and Secretary, Monroe Richards.

1980-81 Band Officers are President Mary Jo Davis, Vice-President Robin Day, and Secretary Sandra Mobley (not pictured).

Junior-Senior Prom

By: Wanda Wambles

On April 25, the Jr.-Sr. Prom was held in the Adams Center at Troy State University. The prom was decorated in the theme of "Fantasy Island." The decorations consisted of palm trees, banana trees, and monkeys. The pictures were taken in a beautifully decorated gazebo. The Junior and Senior class officers danced to the lead out song "Sail On," which is the theme song

song, Rock Hall was the band that performed and entertained the Seniors. The refreshments consisted of punch, cakes, nuts, cookies, and "pigs-in-a-blanket." The prom was over at 12:00 and everyone went their separate ways. It was a night to remember for everyone, especially the Seniors. Thanks Juniors for such a terrific prom.

Z C Expresses Thanks For Donations To Library

Zion Chapel Library is very grateful to the following people for their generous gifts of books to the library: Glenda Bell, Teddy Faulkner, Jackie Parrish, Kenny Clements, David Jackson, Eddie Stevens, Melissa Johnson, Marsha Faulkner, Holly Wilson, Jeff Husev, Javcee Husev, Stacey Hussey, Darren Grant, Wendy Hardy, Tracey Sheets, Kellie Sheffield, Tabatha Morris, Patricia Fair, Missy Duncan, Cindy Baker, Rhonda Baker, Mrs. Elizabeth Dye, Mrs. Peggy Story, Mrs. Alene Lee, Mrs. Partt Myers, Mrs. Sue Johns, and Mrs. Curtis Wilkes.

for two years and in those two years we have learned that it is a department we can't do without. Under the supervision of Mr. Harold Stewart it has become a valuable asset to our school. The Agri-Business Department has built bookcases and magazine racks for several classrooms. In addition, this department has given assistance during many school activities. However, we must also say that Agri-Business is a class that is beneficial to any student who takes the course.

Water World Open

Water World, the amazing new aquatic center in Dothan, opens for its second weekend May 10 and 11. Principal excitement centers on the giant wave pool, with three-foot man-made waves, and the water slide with three 400-foot flumes. The facility will open at 10 a.m. Saturday, and at Noon Sunday.

Fun, sun and excitement abound at Water World, conveniently located at Westgate Park on Dothan's West side. The 12-acre aquatic center was built by the City of Dothan to serve as a recreational facility for citizens of Dothan and nearby communities, and as an attractive lure for tourists.

Water World's wave pool is the only such attraction in the Tri-State area. Hidden machinery produces huge three-foot waves which roll the pool's 180-foot length. The deep end is a challenge to raft-riding, older swimmers, while small children can play in perfect safety in the breaking waves at the shallow end.

Red Cross-trained life guards are always on duty, and within inches of emergency buttons, any one of which will turn off the machinery and let the pool become completely calm in three seconds.

Water World's Thrill Hill water slide takes off from the top of a 40-foot hill. Three super-smooth 400-foot concrete flumes twist their way down the hill, dumping sliders safely into a splash pool at the bottom.

Adult admission is \$3 for a full day of splashing, sliding, picnicking and relaxing in the sunshine. Children 3-12 years old pay \$1.50 and senior citizens pay only \$1. Extras include raft rental at \$2, and bathroom basket rental, 25 cents.

Money-saving season passes, good from now through Labor Day, are available. And the entire facility has been designed for

Youth Rally Held At Brockton First Baptist

The Coffee County Youth Rally was held March 22 at the First Baptist Church of New Brockton. Highlights of this rally were the sword drill for the younger youth, and the speaker's tournament for the young people in grades ten through twelve.

Marica Richburg, representing the Whitewater Baptist Church, entered the speaker's tournament, and was chosen to represent the Coffee County Association in the District Speaker's Tournament, which was held April 15 at the Ozark Baptist Church. At the district tournament, Marica was chosen first alternate. The winner was a senior from Louisville and recipient of a \$250 scholarship to Mobile College.

Marica is the daughter of Rev. and Mrs. David Richburg, and is a junior at Elba High School. Topic of her speech was "You've Got a Friend." Her topic was chosen from a list published by the Training Union Department, Nashville, Tenn.

Winners of the twelve districts will compete in Montgomery, and state winners will represent Alabama at Ridgecrest Baptist Assembly, Ridgecrest, North Carolina. The winner receives an all-expense paid trip to Ridgecrest and the

PASTOR'S CORNER

REV. FRED A. FOWLER
MT. GILEAD BAPTIST
CHURCH

In digging through all the papers, books, etc. on my desk this morning I came across this bit of advice I'd like to share with you. It's one of the most important things we can think about during our time on this earth. Perhaps many of you may have knowledge of it already but for those who don't, here is the message.

1. You will go regardless of the weather.
2. You will go regardless of how your family feels.
3. You will go regardless of the condition of your body.
4. You will go regardless of how you will not enjoy them.

5. Regardless of how good the singing you will not enjoy it.
6. Regardless of what the minister may say it will all be no good.
7. You will go to the altar, but you will not pray.
8. You may have a great need but no one will be able to help you.

9. You will never be able to attend church again.
10. There will be relatives and friends there but you will not worship with them.
11. You will go regardless of how many hypocrites are there.

12. You will go regardless of how much you are needed at home or on your job.
13. The minister had rather help you now than try to console your loved ones you die without God. So make it your choice to go to church while you have a choice.

I thank brother Kenneth Bandy for his help with this

literature.
God bless you this week.

NEWS from your PHARMACIST

BY: KRIS SCARBOROUGH

Sometimes during your lifetime you may have to administer first aid to a victim of electrical shock. Before trying to administer first aid to the victim, be sure that the power has been cut off, or move the victim away from the source of the power.

When moving the victim, be sure to use some object which will not conduct electricity. For example, a wooden household broom or mop could be used to roll a victim away from a broken power line. The victim should be removed from the source of electricity and an ambulance should be summoned as soon as possible.

If breathing has stopped, artificial respiration should be administered to the victim while awaiting the ambulance. We carry a complete line of pharmaceuticals. Only the best drugs are used in compounding your prescriptions.

THE PRESSBOX

By: Ricky Mularz

Sports Editor

I went to Montgomery last Saturday to watch the National Slow-Pitch Conference tournament, and enjoyed watching the top players in the nation compete in the round-robin event. Jerry's Caterers, out of Miami, won the event with a perfect record, while Ken Sanders Subaru, of Phenix City, placed second.

The fences at Lagoon Park are 290 feet and 10 feet high, but the big boys had no trouble in jacking 'em out, almost at will! Jerry's defeated Softball City, of Detroit, 20-18, and in the win collected 16 homers. Harold Kelley, of Danascus, hit 3 homers, and a total of 7 different players potted roundtrippers. Softball City hit only 7 homes, but had 15 singles and 2 doubles to make a game of it.

The A.S.A. National tournament will be in Montgomery later this summer, and everyone should make plans to attend.

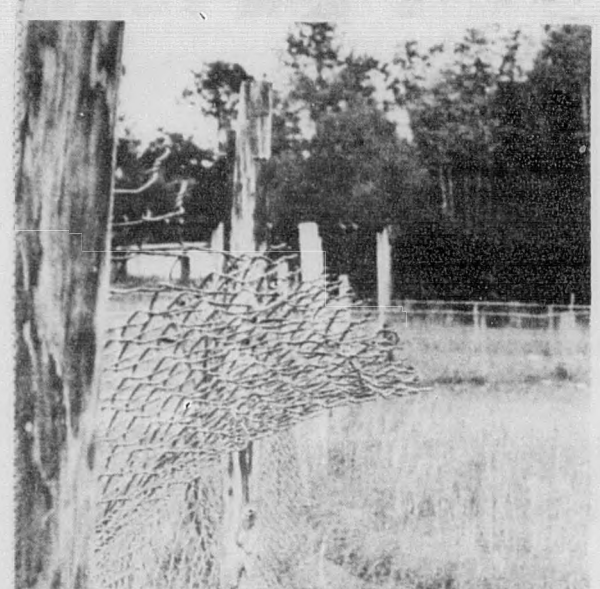

The Dixie Youth and Babe Ruth baseball seasons start tonight (Thursday) and I'm looking for a big crowd to come out and cheer for their favorite team. If a boy makes a good play or gets a hit, let him hear you, and if he makes an error, give him encouragement! It's just a game, and your actions as fans could be the difference between success or failure.

People have really been catching fish in the past couple of weeks, and I've almost got the ole fishing bug myself. I am one of the world's worst fishermen, but if the sun will stay out for a couple more days, I might just give it a try.

Everyone knows I'm the Sports Editor of the paper, but I want you all to know that ain't all I've got to do! I have to go to County Commission meetings, beauty contests, write police reports, make all the prints and do darkness work - not to mention inserting papers. Hey, it ain't as easy as you think!

I don't know how many of you have ever been to a game at the field in Mulberry Heights, but if you haven't, you haven't missed anything! The field itself isn't that terrible, but the fence is! As long as softball has been played on the field, the fence has been a constant problem, and this year is no different. The fence is torn down in places, and in many places leans inward, waiting to rip apart a fielder.

A major problem is the 20-foot hole in the fence in left field. Balls are hit through the hole in every game, and it causes problems for everyone. The pictures below are just examples of the fence, and give you an idea of its condition. To put it bluntly, it is a disgrace!

When it comes to rebuilding wrecked automobiles, J.R. King is one of the most experienced in the Wiregrass area. He comes to this area with knowledge of the latest in techniques and equipment needed for auto body repair and general mechanics work on automobiles. This amount you pay for your car or truck is an investment that needs to be protected. A proper repair job does just that.

If you have an accident, specify that the tow truck take your car or truck to J.R.'s Auto Service and Body Shop. Arrangements can be made to work with your insurance company to repair your car and bring it back to its original state. If the vehicle was towed to another site, a representative from J.R.'s Auto Service and Body Shop will gladly go to the site to make a free estimate of needed repairs. J.R.'s Auto Service and Body Shop also has in-house frame equipment, so "sending out" work is not necessary in most cases.
